

S.O.S

**ADVANCED TECHNOLOGY
SPRAY ON SEALANT**

**OUTDOOR
& INDUSTRIAL
MAINTENANCE**

S.O.S. by SUNRISE is a simple and successful solution to many industrial problems at your facility. Our sealant is ideal for waterproofing and sealing nearly any object including: pipes, gutters, blacktop cracks, tree wounds and more. Protects nearly any surface against corrosion, rusting and outdoor elements. Also an ideal solution for reducing noise and vibration from vehicles, machines and more. The convenience of an aerosol can makes S.O.S. portable and easy to use. Provides flexible, smooth and thick coverage.

FEATURES & BENEFITS:

- Smoother spray for easy coating of intended surface area
- Bigger can for more value and less waste
- Better Coverage for quicker and more efficient application

APPLICATIONS:

The easy solution for leaking gutters, pipes, containers or similar items. Also can be used to seal cracks in asphalt/blacktop. Weather and waterproofs nearly any hard surfaces. Apply to undercarriages of automobiles for a quieter drive. Prevents metal from rusting too!

DIRECTIONS:

1. SHAKE CAN for 1 minute to thoroughly mix S.O.S.
2. Spray intended surface liberally from a distance of 12-18 inches away. Use short, steady and even strokes while spraying. Best applied when temperature is between 70° - 90° F.
3. To clean spray nozzle for future use, turn can upside down and press spray nozzle for 2 seconds.

Tips - If clogging occurs, rotate spray nozzle 1/4 turn. If clogging continues, remove nozzle and clean with solvent. Gentle replace spray nozzle with a twisting motion.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

Trouble Shooter, Execute and Bombshell.

FORMULATION:

Advanced technology compound made with long lasting, heavy duty and flexible resin.

IDEAL FOR USE BY:

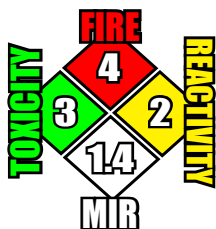

Automotive service centers, property maintenance companies, farmers, golf courses and nearly any other equipment related business.

SPECIAL CAUTIONS:

Flammable. See "Tips" information above to prevent clogging of product.
