

ACRILAX

METAL INTER-LOCKING FLOOR FINISH

JANITORIAL
PRODUCTS

Now a high gloss without the hazard of slipperiness. Hospitals, Invalid Homes and Department Stores can now have beautiful easy to maintain floors which are slip resistant, water resistant and black mark resistant. Gives a higher gloss without any polishing or buffing. Easier to apply easier to maintain. Brings out the natural and original true beauty of the floors. Gives a beautiful finish to all floors such as asphalt tile, vinyl plastic tile, linoleum, rubber tile, cork, composition, marble, terrazzo as well as varnished wood floors. Will not darken any floor. Will not water spot. SAFE AND EASY TO USE.

FEATURES & BENEFITS:

- 21% Solids-** Harder finish.
- Metal interlocking-** Superior bonding and adherence.
- Self-leveling-** Even sheen.

APPLICATIONS:

Application of extremely hard finish containing high solid content where no buffing is desired.

DIRECTIONS:

Clean floor thoroughly by removing all the old wax and soil. Rinse with clear water and allow to dry. Use a medium size string mop or lambs wool applicator which has been rinsed in clear water and thoroughly wrung out. Allow the solution to dry and then buff if desired. If a high gloss is desired, daily buffing with an electric polishing machine is recommended. For best results allow the finish to set for 48 hours prior to buffing. Buff with a soft brush or pad.
