

WHIRLWIND

CARPET SPOTTER

REMOVER EL PUNTO DE LA ALFOMBRA

WHIRLWIND is designed to leave minimum detergent residues in carpet and upholstery applications, and to minimize the spotting or mottling of surfaces that are spot cleaned with it.

Full strength **WHIRLWIND** may be used sparingly on carpets and upholstery to instantly remove spots and stains of all kinds. The use of full strength product greatly speeds cleaning and limits the amount of feathering and the cleaning of adjacent areas to achieve a non-spotted or "feathered" look. Expect full strength product to instantly penetrate, disperse, and evaporate for quick cleaning.

DIRECTIONS

Pre-treat inconspicuous area for color fastness. A dilution of 3:1 is recommended for heavy soil or stubborn spots on upholstery and carpets. A dilution of 7:1 is recommended for touch-up or very light cleaning.
