

2N1

AKA: It's about time!
WAX STRIPPER & DEGREASER IN 1
• Non Flammable • Water Soluble •

**WATER-BASED
CLEANERS**

2N1 has been specially formulated for use in citrus houses and other types of packing facilities where wax buildup and heavy duty grime require constant cleaning. Proper application will allow any user to quickly strip wax buildup from processing machinery. As the wax is being broken down, **2N1** is also cleaning the grease, grime and dirt commonly seen in food processing facilities. By combining two cleaning technologies into one powerful solution, **2N1** is designed to reduce man hours and machinery downtime by 50%. These expense reductions will increase your facilities output and in turn increase the bottom line.

FEATURES & BENEFITS

- **EXCELLENT AS DEGREASER** - Designed for use in heavy duty cleaning situations
- **POWERFUL WAX STRIPPER** - Strips wax build up with ease
- **DILUTABLE** - Economically conducive.

APPLICATIONS:

2N1 is recommended for the removal of grease and wax build-up from machinery

DIRECTIONS:

Dilute 1 part 2N1 to 5 parts of water. Different soil conditions may require heavier concentrations. For severe situations, use 2N1 without dilution.

FORMULATION:

Aqua Ammonia plus Sodium and potassium hydroxide builders, penetrating, coupling, and surface active agents.

TARGET ACCOUNTS:

Food processing facilities, packing sheds, candle manufactures and other types of manufacturing companies

SPECIAL CAUTIONS:

Capable of removing paint. Test inconspicuous place before using. Use caution appropriate to strong caustic liquid. **Protective equipment recommended.**

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

- **ASSAULT** - Powerful non-corrosive, non-flammable, cleaning compound. NSF H1
- **RED THUNDER** - Powerful, All-purpose cleaning compound. Neutral pH

PACKAGING AVAILABILITY

Bulk Liquid: 1g, 5g,
15g, 30g and 55g
Drums
