

TAGGERS

GRAFFITI REMOVER TOWEL

PAÑITOS HÚMEDOS PARA REMOVER GRAFITI

TAGGERS is the latest containerized towel from SUNRISE. These amazing towels are impregnated with a graffiti-removing formulation of solvents and detergents. The self contained canisters of TAGGERS provide the user with a portable tote, enabling easy removal of minor graffiti and other soiled compounds, from hard surfaces. The closed canister will prevent drying of the towels, making them ready to work when you are. They are ideal for line trucks, maid carts, park departments, buildings and grounds departments, golf pro and cart shops, housekeeping departments and virtually all areas where graffiti and general soil are a problem. TAGGERS TOWELS ARE BIODEGRADABLE AND DISPOSABLE.

DIRECTIONS

1. Access your TAGGERS wipes through the opening located on top of the pail.
2. Flip-open the lid to allow easy removal of wipes.
3. Pull up on wipe and gently pull at a slight angle. This will tear the wipe at its perforation, allowing access to the next wipe. Clean desired surface. A potable water rinse is required when the product is used in a food processing facility.
