

ASPHALT RELEASE

Soy-Based Slat Cleaner and Lubricant

OUTDOOR
& INDUSTRIAL
MAINTENANCE

ASPHALT RELEASE is a revolutionary Slat Cleaner and Lubricant. Using Soy oil as the main active ingredient, the user can be assured of environmental compliance in all applications. This product is designed for the easy removal of asphalt from slats. In addition, **ASPHALT RELEASE** is an excellent Lubricating agent for all paving equipment. The application of **ASPHALT RELEASE** to slats, pavers, rakes, shovels etc., prior to using, enables quick and effortless cleanup of that equipment.

FEATURES & BENEFITS:

Environmentally sound- Assures Environmental compatibility.

Soy bean oil- Natural slick composition.

Versatile- May be used for all parts of paving equipment.

APPLICATIONS:

Simple to use asphalt release agent for slats and asphalt processing equipment.

DIRECTIONS:

SUNRISE recommends the use of rubber gloves, boots, aprons and face shields when using this or any similar product. Using any type of spraying equipment, apply a light film of **ASPHALT RELEASE** to all contact surfaces of the slat. Depending on the condition of the target surface, the user may be able to get several uses between treatments.
