

Cutting Fluid and Lubricant

KWIK KUT is a scientifically formulated cutting fluid that cools, lubricates and reduces friction during threading, drilling and tapping operations. **KWIK KUT** is colorless and thus permits constant viewing of the cutting area. It will not drip, eliminating mess and time-consuming clean up.

FEATURES & BENEFITS:

Higher cooling- Reduces heat expansion.

Increased lubrication- Quicker cutting, saves taps and dies.

APPLICATIONS:

Portable cooling and lubrication for tapping, cutting, and drilling operations.

DIRECTIONS:

SPRAY directly on contact area of cutting implement and work piece while material is being processed. **SPRAYS BEST AT ROOM TEMPERATURE.** Warm can to room temperature before spraying.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

FORMULATION:

Halogenated hydrocarbons, synthetic lubricants and propellant, sulphur based oils.

TARGET ACCOUNTS:

Machine shops, manufacturing shops, mechanical shops, motel maintenance, farms and ranches.

SPECIAL CAUTIONS:

None.
