

ISOLATE

NON-ALCOHOL BASED HAND CLEANING WIPES

ISOLATE is the essential ingredient in today's social, industrial and general working environment. This amazing compound instantly cleans hands, and arms or wherever applied. ISOLATE is safe for use in hospital and nursing homes where flammability is an issue. Teachers, medical personnel, emt's, police officers and firemen will find ISOLATE an essential tool in their work-place. The portable characteristic of ISOLATE makes it both convenient and reliable. ISOLATE is ideal for restroom use after regular hand washing as well.

FEATURES & BENEFITS:

NO ALCOHOL- Safer to use.
FRESH SCENT Leaves a pleasant smell.
PORTABILITY- Packaged in a handy wipe.

APPLICATIONS:

Light duty hand cleaner.

DIRECTIONS:

SUNRISE ENVIRONMENTAL SCIENTIFIC STRONGLY SUGGESTS THE USE OF PROTECTIVE WEAR WITH THIS OR ANY SIMILAR COMPOUND

1. Access ISOLATE wipes through the opening located on top of the container. 2. Flip-open the lid to allow easy removal of wipes. 3. Pull up on wipe and gently pull at a slight angle. This will tear the wipe at its perforation, allowing access to the next wipe. Close the lid after each use and your wipes will remain moist.
