

CONQUER

BIO-DEGRADABLE CONCRETE REMOVER/DISSOLVER

OUTDOOR
& INDUSTRIAL
MAINTENANCE

CONQUER concentrate is a versatile, biodegradable concrete, scale, and hard water remover. **CONQUER** will remove hardened concrete from handling equipment, bulk cement haulers, ready-mix equipment, cement mixers and in cement manufacturing plants. In addition, **CONQUER** will also remove mineral deposits such as hard water from glass and scale build up. **CONQUER** does not contain any inorganic acids and is formulated to ensure personal safety and lower operating costs.

FEATURES & BENEFITS:

- No harsh acids-** Environmentally safe to use.
- Heavy foaming action-** clings to surface for deeper cleaning
- Wetting agents-** Easily rinses with water.

APPLICATIONS:

Dissolving concrete for easy removal.

DIRECTIONS:

For areas with heavy build-up of concrete and scale dilute **CONQUER** 1 to 1 with water or use it as a straight concentrate. For general maintenance and cleaning use **CONQUER** at a rate of 1 part **CONQUER** to 2 parts water. Apply solution to surface to be cleaned. After foaming action stops, flush with water. You can use a wash brush with this product in aiding in cutting ability. Re-apply if build-up is excessive. Before using **CONQUER**, it is recommended that surfaces around and below area to be cleaned should be tested to make sure no harm will result from splashing of this product.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

FORMULATION:

Proprietary blend of safe organic acids and wetting agents.

TARGET ACCOUNTS:

Ready-mix companies, cement haulers, fleet companies, any where with hard water.

SPECIAL CAUTIONS:

Wear protective clothing when using this product.
