

STRONG ARM

CONCRETE FLOOR CLEANER

**OUTDOOR
& INDUSTRIAL
MAINTENANCE**

PACKAGING AVAILABILITY

Granular
(50 lb keg)

PART #4003

QR CODE:

FEATURES & BENEFITS:

High metasilicate load- Excellent cutting ability.
Multi detergent blend- Attacks wider variety of soils.
Granulated form- Ease of application and economy.

APPLICATIONS:

This product has been blended for the easy removal of oil, grease, grime and dirt from concrete surfaces.

DIRECTIONS:

Heavy encrustation of oil, grease and dirt should be scraped and loosened with a scraper, the loosened debris swept away, and then cleaned with **STRONG ARM** as follows: Wet area thoroughly with water (preferably hot water), then sprinkle **STRONG ARM** on the wet area at the rate of 2 to 4 ounces per 100 square feet. Allow cleaner to penetrate and solubilize the soil; scrub with a stiff brush, and hose surface with clean water. For cleaning equipment such as garbage cans, dumpsters, garbage trucks, and similar areas where a water solution is more easily applied, make up a solution of 2 to 4 ounces of **STRONG ARM** per gallon of water. Hot water will dissolve the powder more quickly. Stir the solution until all of the powder is dissolved, and then apply the cleaning solution with mop, brush or spray. Agitate the solution into the soil, then hose away with clean water.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

FORMULATION:

Surfactant, detergents builders, and dispersing system.

TARGET ACCOUNTS:

Mechanic shops, industrial complexes, machine shops, and workrooms.

SPECIAL CAUTIONS:

None.
