

HEATERS

ALL-PURPOSE INDUSTRIAL CLEANING WIPES
TODO EL PROPÓSITO LIMPIEZA INDUSTRIAL QUE LIMPIA

This amazing new concept in tool and surface cleaning is the result of extensive research into the demands of mechanics and technicians. The entire contents of this bucket are biodegradable, including the wipe itself. HEATERS wipes can be used to not only cleanse tools and hard surfaces, but also for applications as diverse as laundry pre-spotting, carpet and upholstery spot-cleaning and hard-surface cleaning. The innovative formula which impregnates these powerful wipes allows for the toughest cleaning jobs yet is buffered to use on less demanding tasks. HEATERS wipes can be used at the bench, central wash stations and in utility vehicles as well. The portability of these scrubs makes them the item of choice for utility companies, phone and cable operations, police and fire departments and all types of service companies.

DIRECTIONS

1. Access your GUNS wipes through the opening located on top of the pail.
2. Flip-open the lid to allow easy removal of wipes.
3. Pull up on wipe and gently pull at a slight angle. This will tear the wipe at its perforation, allowing access to the next wipe. Clean desired surface. A potable water rinse is required when the product is used in a food processing facility.

Sunrise Tip - If your wipes need to be remoisten simply add water into container until desired wetness is achieved.
