

EZ-1

PARTS WASHER SOLVENT

SOLVENT-BASED
CLEANERS

EZ-1 instantly removes heavy grease and grime. Cleans without mechanical scrubbing. Meets all California codes regarding parts cleaning solvents. Fast, safe, economical, easy disposal, long cleaning life. Contains no Benzene, it is non-corrosive and leaves no residue. **EZ-1** does not affect plastic parts and may be used on aluminum and alloy parts. **EZ-1** is non-carcinogenic and does not contain 1,1,1 Trichloroethane, chlorinated or fluorinated solvents and will not deplete the ozone. It is non-conductive to 31,000 kV. **EZ-1** degreases machinery, equipment, engines and other mechanical devices.

FEATURES & BENEFITS:

Enhanced for longer life.
Safe on most surfaces and rinses out with water.
Parts washing made easy.
Designed to enhance filtration systems.
Solvent has longer life and extended cutting edge.

APPLICATIONS:

Removal of grease, oil, and tar build-ups.

DIRECTIONS:

In order to comply with California VOC requirements, dilute 2 parts **EZ-1** to 1 part of a non-VOC solvent such as **SUNRISE'S SONIC I** or acetone. Always pre-test surface to be cleaned to ensure integrity.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:
