

FOR USE ON
ENERGIZED EQUIPMENT ONLY

NON-FLAMMABLE: FOR USE ON ENERGIZED EQUIPMENT ONLY

FEATURES & BENEFITS:

Safe- High dielectricity rating. Can be used around electrical components.
Quick evaporation- Dries quickly without any residue.

APPLICATIONS: For use on energized equipment only.

PACKAGING AVAILABILITY

Aerosol

PART #1082

Bulk liquid:
(1g, 6g, 15g, 30g
and 55g drums)

PART #2103

DIRECTIONS:

SUNRISE ENVIRONMENTAL SCIENTIFIC STRONGLY SUGGESTS THE USE OF PROTECTIVE WEAR WITH THIS OR ANY OTHER SIMILAR COMPOUND.

This product may be harmful to certain plastics. Make certain to pre-test in an inconspicuous area prior to applying. Apply **STINGER** to surface area to be treated. Allow sufficient working time for product to clean properly or use "white pad," brush or rag to agitate soiled area. Wipe with coarse-nap rag to absorb soil and residue. More difficult conditions may require repeated applications of **STINGER**.
