

**PENETRATING LUBRICANT • FREES RUSTY
CORRODED PARTS • PROTECTS METAL**

This unique combination of ingredients markedly reduces surface tension which permits rapid, deep penetration of corroded parts. **AF3** has an affinity to metal which aids penetration. Residual oil film lubricates and provides protection against subsequent corrosion. Unique spray head permits spraying from any angle allowing **AF3** to reach areas otherwise inaccessible. **AF3** penetrates and frees rusty parts such as bolts, nuts, lock mechanisms, speedometers, brake cables, fittings, etc. Helps eliminate the use of cold chisels, torches or saws.

FEATURES & BENEFITS:

- Adjustable nozzle** - Ease of product application.
- Capillary action** - Ability to migrate.
- Oleic acid** - Cuts rust and corrosion.

APPLICATIONS:

Deep penetration removal of rust.

DIRECTIONS:

Spray **AF3** on object by applying pressure to side of spray head. Saturate rusted or corroded area. Allow **AF3** to stand for several minutes. If necessary, tap fitting lightly and in extremely difficult cases of frozen parts re-apply as needed.

AF3 has instant action that will cut rust, tar, gum, dirt, grease, and corrosion.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

Bombshell Hand Cleaner, Grime Fighter Degreaser

FORMULATION:

Aromatic hydrocarbon, hygroscopic agents, light oils, oleic acid, wetting agents.

TARGET ACCOUNTS:

Machine shops, all mechanical shops, water companies, light manufacturing.

SPECIAL CAUTIONS:

Vapor may be harmful.
