

# STRIKER

## ENERGIZED PARTS CLEANER AND GENERAL PURPOSE

SOLVENT-BASED  
CLEANERS

**STRIKER** is today's answer to the demand for a fast cleaning, quick-drying solvent compound. The additional benefit of non-flammability makes **STRIKER** an outstanding choice for the parts cleaning industry as well as applications requiring a compound that will not leave an annoying residue. **STRIKER** has been tested to 49 kilovolts dielectric and can therefore be used around electrical components in a wide variety of applications. **STRIKER** is for use where equipment is energized.

### FEATURES & BENEFITS:

- Fast drying**- Leaves no residue.
- High solvency**- Cuts through heavy grease.
- Powerful**- Works on contact.

### APPLICATIONS:

Degreasing of parts.

### DIRECTIONS:

*Sunrise Environmental Scientific strongly suggest the use of protective wear with this or any other similar compound.* This product may be harmful to certain plastics. Make certain to pre-test in an inconspicuous area prior to applying. Apply **STRIKER** to surface to be treated. Allow sufficient working time for product to clean properly or use a pad, brush or rag to agitate soiled area. Wipe with a coarse rag to absorb soil and residue. More difficult conditions may require repeated applications of **STRIKER**.

### FORMULATION:

Quick drying solvent blend.

### TARGET ACCOUNTS:

Engine shops, city, state and municipal fleet divisions, bus companies, mechanic shops.

### SPECIAL CAUTIONS:

Wear protective gear.
