

# CHLORFOAM

## CHLORINATED CLEANER

WATER-BASED  
CLEANERS

**CHLORFOAM** has been designed for the cleaning of floors, walls, machinery and all processing apparatus. Although primarily targeted for the food processing and packaging industries, **CHLORFOAM** is an excellent cleaner for all areas requiring the benefits of a chlorine-based cleaning compound. When used with all types of foaming apparatus, **CHLORFOAM** provides an excellent foam blanket, enabling it to cling to surfaces and increase work time. The detergents and compounds used in **CHLORFOAM** make it the forerunner in the specialty-cleaning-products market.

### FEATURES & BENEFITS:

**High surfactant-** Tremendous wetting/rinsing ability.  
**Economical-** Dilute with as much as 50 parts water.  
**High foam-** Allows product to cling to surface.

### APPLICATIONS:

Cleaning of floors, walls, etc. in food processing and packaging plants.

### DIRECTIONS:

**SUNRISE** recommends the use of rubber gloves, rubber boots, aprons and face shields when using this or any other cleaning compound. For heavy-duty cleaning of encrusted soils use **CHLORFOAM** in dilutions up to 3 parts of water to one part of product. For lighter-duty cleaning requirements, dilute **CHLORFOAM** as high as 50 to 1.

### CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

### FORMULATION:

Caustic soda, hypochlorite, metasilicates. **CAUTION-** Strong alkali product-avoid contact with skin or clothing.

### TARGET ACCOUNTS:

Packaging plants, processing plants, restaurants, hospitals.

### SPECIAL CAUTIONS:

None.

### PACKAGING AVAILABILITY
