

ENVIRO-SOLVE

Lift Station Treatment Breaks Down Grease & Sludge

OUTDOOR
& INDUSTRIAL
MAINTENANCE

This amazing new compound is designed to break down grease and sludge build-up in lift stations. Using citrus terpene technology **ENVIRO-SOLVE** combats common lift station problems in two ways. **ENVIRO-SOLVE** first acts as an odor mask. **ENVIRO-SOLVE** floats on top of the water acting as a cap for any unpleasant odor. The second function **ENVIRO-SOLVE** accomplishes is the breakdown of grease and sludge. As the water level in the lift station raises and lowers, **ENVIRO-SOLVE** cleans the sidewalls from grease and sludge as well as breaks down the grease floating on top. Put **ENVIRO-SOLVE** to work and watch your lift station problems disappear.

FEATURES & BENEFITS:

- Citrus based-** Potent, high solvency.
- Non-fuming-** No noxious odors.
- Environmentally sound-** Safe to use.

APPLICATIONS:

Heavy-duty degreasing and break-down of sludge in lift stations.

DIRECTIONS:

Ideally there should be a minimum 1/4 inch cap of **ENVIRO-SOLVE** floating in your lift station. To figure how much product should be added to acquire a 1/4 inch cap, use the following formula. Multiply the length(In Feet) x width(In Feet) x .020. Simply take your answer and multiply it by 7.5, this will give you how many gallons you need to add to cover your lift station with 1/4 inch of **ENVIRO-SOLVE**.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

FORMULATION:

Organic, bio-degradable solvent. Does not contain methylene chloride, glycol ethers, alcohol's, petroleum distillates or other synthetic chemicals.

TARGET ACCOUNTS:

Waste water treatment plants, city agencies, restaurants, hospitals.

SPECIAL CAUTIONS:

None

PACKAGING AVAILABILITY

Bulk liquid: 1g, 6g, 15g,
30g and 55g drums
