

DAIRY BRITE

CONCENTRATED MILK STONE AND WATER STONE REMOVER

ACID-BASED
CLEANERS

This amazing new formula has been designed for the effortless removal of Milk Stone and other types of corrosion. **DAIRY BRITE** is the ultimate product for exterior use on stainless steel milk lines, tanks, glass windows, concrete tile and grouting. This amazing blend of acids, wetting agents, and inhibitors reduces cleaning time by as much as 68%

FEATURES & BENEFITS:

Acid blend- Deeper cleaning ability.

Inhibitors- Safer to use.

Wetting compounds- Free rinsing, no residue.

APPLICATIONS:

Removing milkstone and other mineral encrustation from stainless steel.

DIRECTIONS:

Use rubber gloves, rubber aprons, and eye protection. Dilute product with water by adding FORMULA TO WATER at the following rates:

Light Cleaning: 1 part product to 16 parts water.

Heavy Cleaning: 1 part product to 8 parts water.

Use soft plastic bristle brush or sponge for agitation. Apply from bottom up. Rinse with clear water.

WARNING: More concentrated dilution will have little or no effect on cleaning ability. More concentrated dilution may result in blackening of stainless steel. Do not use warm water above 80°F.

FORMULATION:

Acids and surface active agents.

TARGET ACCOUNTS:

Dairies, wineries.

SPECIAL CAUTIONS:

Ventilate area of use; use rubber gloves and goggles.
