

RELEASE 222

SHAKER PAD LUBRICANT

LUBRICANT
PRODUCTS

RELEASE 222, is a clear silicone lubricant designed to lubricate and protect rubber tree shaker slings. This compound deeply penetrates into rubber and provides a slippery surface for reduced friction and heat build-up, while at the same time preventing bark damage to the tree. This clean, non-staining formula can be used with confidence to solve a multitude of problems relating to sticking, squeaking, etc. of rubber, leather, vinyl, metal, nylon, wood and painted surfaces.

FEATURES & BENEFITS:

No harsh solvent.

Buffers- Safe on trees.

Silicone blend- Increased lubrication.

APPLICATIONS:

This compound is designed to prolong the life of shaker slings, and protect the bark on the tree.

DIRECTIONS: Apply full strength product with hand sprayer, brush or **SUNRISE' "SURE SHOT"** sprayer to the working surface of the shaker sling. As the silicone impregnates the surface of the rubber, a shiny wet appearance will be maintained. Re-apply approximately once per hour or as conditions warrant. When new shaker slings are installed it is recommended to pre-soak the working surface of the rubber with **RELEASE 222** two or three times at 1-hour intervals prior to installation.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

**PACKAGING
AVAILABILITY**
Bulk liquid (1g, 6g,
15g, 30g and 55g
drums)
PART #2002

QR CODE:

FORMULATION:

Silicones, special lubrication compounds, surfactants.

TARGET ACCOUNTS:

Any account where the use of shaker slings is necessary.

SPECIAL CAUTIONS:

Pre-test before using on plastics.
