

20/20

GLASS AND CHROME CLEANER
Limpiador de cristales y cromos

With the development of 20/20, SUNRISE has provided the market with the most advanced technology in glass, chrome and porcelain cleaning. This state-of-the-art compound is the most user-friendly formula available today. It contains no alcohol or harsh solvents yet it is fast-drying and virtually non-streaking when used according to label instructions.

20/20 will not only clean glass of all types but also chrome, porcelain and all hard surfaces. The rapid drying time of this formula significantly reduces wipe-down time and expedites production.

DIRECTIONS:

Hold can 12 to 18 inches from surface and spray 20/20 on to target surface, using sweeping motion and covering entire area to be cleaned. Wipe surface with a clean, soft, dry, absorbent rag. Severely soiled surfaces may require the re-application of the product for desired results.
