

TRUCK RESTORE

SURFACE DESCALER AND CLEANER

DESCALIFICADOR DE SUPERFICIE Y LUMPIADOR

TRUCK RESTORE is designed for the removal of hard water build-up and mineral deposits. **TRUCK RESTORE** is ideal for removing concrete and residue from ready-mix trucks. Once applied, it leaves a clean and brilliant shine on most surfaces.

DIRECTIONS

WEAR PROTECTIVE EQUIPMENT: Face shield, chemical resistant gloves, apron and boots.

Test inconspicuous area before use. **(When diluting, always add this product to water, not water to product.)** Avoid splashing of product. For cleaning trucks and vans, one part product should be diluted with twenty parts of water. More soiled surfaces may require stronger dilution. Apply from bottom up. The solution may be either brushed or sprayed on and allowed to dwell until a foam blanket occurs. Rinse with water and reapply if necessary. For drums on cement trucks and cabs, test at 1 part product to 50 parts water and increase strength gradually. **WARNING:** More concentrated dilution will have little or no effect on cleaning ability. More concentrated dilution may result in blackening of stainless steel. Do not use warm water above 80°F. Do not spray on glass and plexiglass.

PACKAGING

- 1 Gallon 15 Gallon 275 Gallon
 5 Gallon 30 Gallon Other:
 6 Gallon 55 Gallon

CAUTIONS

Contains caustic and/or strongly alkaline substances, harmful or fatal if swallowed. Avoid contact with eyes, skin and clothing. Prolonged or repeated contact may cause dermatitis in sensitive individuals. Protective equipment recommended. Gloves, apron and goggles recommended. Do not ingest. If ingested drink large quantities of potable water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Use ventilation adequate to prevent, cough, hoarseness, or irritation. OSHA approved respirator recommended. If eyes are contacted, flush with water for at least 15 minutes. See a physician immediately. If skin is contacted, wash off with soap and water. Do not apply ointments until a physician is consulted. Clothing that is contaminated should be removed immediately. Flush with large amounts of water. Wash in an automatic machine before wearing again. Dispose of empty container in accordance with local regulations. Consult Safety Data Sheet for additional information.

INGREDIENTS

Hydrofluoric Acid 7664-39-3, Phosphoric Acid 7664-38-2

HAZARDS IDENTIFICATION

Signal Word: **DANGER**

Precautionary Statement(s):

- Skin and eye irritant
- Respiratory tract irritant
- Swallowing will cause gastrointestinal irritation

H.M.I.S.

Toxicity:3 Fire: 0 Reactivity: 1 Special: N.A
